

Old Hall Performance is delighted to pair with double World Speedway Champion Greg Hancock once again. Hancock who has been at the top of the speedway rankings for two decades has introduced a range of maintenance Aerosols for the pro-racer and home mechanic. The range is engineered for superior component protection, reduced friction, water displacement and complete component penetration.

Greg uses the full range of Hancock Aerosols on his own bike keeping it maintained over the extensive Speedway season. The products not only reduce servicing costs, but also give him the reliability and performance he needs to continue winning races. The range includes; Lube It: A high quality penetration lubricate spray for seized and corrosion treatment, as well as prevention. Brake Cleaner: A powerful quick drying aerosol that removes contamination from braking components. Chain Lube: A specially formulated clear spray grease containing advanced P.T.F.E's for maximum protection and friction reduction. Silicon Sheen: A water repellent surface conditioner for that 'factory finish'. White Grease: A protective and friction reducing aerosol that has endless uses in any mechanical application.
