

M-PACT®

D30®
.....

IMPACT-RESISTANT HAND PROTECTION

The M-Pact® delivers full-coverage hand protection with an impact-absorbing Thermoplastic Rubber (TPR) knuckle guard and dedicated finger guards that shield the top of your hand while you work. The dual-layer internal fingertip construction reinforces your thumb and index finger to improve abrasion resistance where you need it most. When the going gets tough, D30® palm padding reacts on impact to absorb and dissipate energy through the palm of your hand.

IMPACT PROTECTION

Patented Impact Guard™ and molded TPR absorb blunt force impact to the hand and fingers.

IMPACT RESISTANCE

D30® palm padding absorbs and dissipates high-impact energy through the palm.
